Journey To Light Tarbiyah Program

Introduction

As a school founded on Muslim Alawite beliefs, Al Sadiq College considers the well-being of every student to be paramount. Our learning environment is designed to foster a culture of liveliness, aspiration, and contentment, grounded in positive Islamic virtues and values. This culture is strengthened through the open, respectful, and welcoming relationships shared among all members of the College community.

At the heart of this vision is the development of strong character and God-consciousness. In the words of Imam Ali:

“If a person behaves properly in matters between themselves and Allah, then Allah will keep proper the matters between them and other people. And if a person keeps proper the affairs of their next life, then Allah keeps proper for them the affairs of this world. Whoever is a preacher for themselves is protected by Allah.”

(Nahj al-Balagha, Hadith 89)

The *Journey to Light* program aims to nurture this habit of God-consciousness within the lives of our students. By strengthening a student's relationship with Allah (swt), we aim to encourage positive relationships, personal responsibility, resilience, and compassion within the school community.

As students' progress through different stages of development, they are confronted with a range of emotional, social, and personal challenges. Young people today face significant

pressures arising from school, family responsibilities, friendships, work, and relationships. The influence of social media can further intensify these existing pressures and shape the way students perceive themselves and others. Through this program, we aim to equip students with the awareness, emotional strength, and spiritual grounding needed to navigate these realities.

Islam teaches that challenges and hardships are a natural part of life. Allah (swt) says in the Holy Quran:

“Be sure We shall test you with something of fear and hunger, some loss in goods, lives, and the fruits of your toil. But give glad tidings to those who patiently persevere. Those who say, when afflicted with calamity, ‘To Allah we belong, and to Him is our return.’ They are those on whom descend blessings from their Lord, and mercy. They are the ones who receive guidance.”

(Surah Al-Baqarah 2:155-157)

Through these teachings, students are encouraged to develop patience, resilience, and trust in Allah (swt) during times of difficulty. At the same time, the program emphasises that true righteousness is reflected not only through rituals, but through compassion, empathy, humility, and kindness towards others.

The *Journey to Light* program therefore seeks to cultivate students who are spiritually aware, emotionally resilient, and socially responsible. We aim to encourage our students to approach others with empathy and open-mindedness, while developing humility and gratitude in their everyday interactions with friends, family, teachers, and the wider community.
